> MULTIPLE RESEARCH-POSITIONS AT LOS ALAMOS NATIONAL LABORATORY
(LANL).

> Postdoctoral researchers and student Interns are sought for in the general
> area of Wireless Ad-hoc Networks and Sensor Networks, at Los Alamos
> National Laboratory (LANL) of the United States Department of Energy.
>
> Any applicant must have a demonstrated research- or development-experience
> in wireless communications, networking, multimedia communications, a
> related mathematics/physics discipline, or hardware/software programming.

> Additionally, research or development experience in one or more of the
> following areas is highly desired: wireless sensor networks, wireless
> ad-hoc networks, self-organization, self-healing, swarm intelligence,
> collective intelligence, scale-free networks, small-world networks, QoS,
> soft real-time services, MAC protocols, scheduling, performance analysis,
> stochastic processes, graph theory, coding/information theory, fountain
> codes, energy-efficient communications, data fusion/filtering, data
> inference, wireless channel characterization, software/hardware
> implementation, C/Linux programming, and lightweight OSs (e.g. TinyOS).

> Any applicant should have a STRONG publication- or implementation-record.
>
> Both U.S. and non-U.S. citizens are eligible.

> Any interested applicant for a Postdoctoral position should have a PhD
> degree conferred by the commencement of the appointment, and the degree
> should be received recently (e.g. within the past few years). Salary level
> starts at \$66,100 and is commensurate with experience. General information
> about postdoctoral appointments at LANL is available at
> <http://www.lanl.gov/science/postdocs/>

> Any interested applicant for a Graduate or an Undergraduate Intern
> position should have a strong academic record. Applicants having a STRONG
> publication- or implementation-record will be preferred. Salary level is
> commensurate with experience.

> If interested, EMAIL YOUR FULL CV to Dr. Sami Ayyorgun (sami@lanl.gov) and
> CC Dr. Evsen Yanmaz (eyanmaz@lanl.gov).

> Please ** only ** put one of the following in the subject line of your
> application email:

> Application for Postdoc Position,

- > Application for Grad Internship,
- >
- > Screening will start immediately after receiving any application.
- > Interested applicants are encouraged to email their CV as soon as
- > possible. Any applicant may not receive an email response back if his/her
- > CV does not seem to present a sufficiently good match with our current
- > interests.
- >
- > This announcement is intended to be valid for a couple of years.
- >
