- > **COMPUTER / INTERNET TECH NEEDED FOR FILM PRODUCTION**
- > FT/paid position
- >
- > We are currently prepping for a major studio motion picture to be
- > shot in the suburbs north of Philadelphia and are searching for an
- > accomplished IT tech. Our operations are uniquely computer and
- > internet intensive and require an individual that can be here to
- > shepherd the set-up of the office, home, and be on set day to day to
- > anticipate and troubleshoot potential problems. We are looking for
- > someone with PC, but more so Mac wherewithal that can fix the
- > innumerable problems (e.g. junxion boxes) that come up when traveling
- > location to location making a film. This always seems to be an
- > insurmountable problem on film shoots and we're hoping to find
- > someone who can prove this wrong.
- >
- > Beyond your tech savvy, we also are needing someone who is tactful
- > and very discreet.
- >
- > The job would begin in September and go through December.
- >
- > Those interested should send their resumes to PennMovie@gmail.com
