- > Ursinus College is looking for someone to teach computer science
- > courses during the spring semester of 2008. The position may be
- > part time or full time, depending on administrative approval and
- > candidate interest.
- >
- > The courses to be taught include both beginning and upper-level
- > undergraduate courses. Our beginning courses use C++ as the
- > language of instruction. We are also particularly interested in
- > staffing our Computer Architecture and Organization and Parallel
- > Algorithms and Computing courses.
- >
- > Interested candidate should contact myself
- > (akontostathis@ursinus.edu) or Dr. Roger Coleman
- > (rcoleman@ursinus.edu).
- >
- > April Kontostathis
- > Assistant Professor of Mathematics and Computer Science
