
The Department of Computer Science at the University of San Francisco invites applications for a tenure-track position beginning in August, 2010. While special interest will be given to candidates in bioinformatics, game engineering, systems, and networking, qualified applicants from all areas of Computer Science are encouraged to apply.

Successful candidates will have a Ph.D. in Computer Science or a closely related field and a demonstrated commitment to teaching. Applicants will be expected to teach both undergraduate and graduate courses and to maintain an active research program that involves students.

The department has nine full-time faculty members and offers a B.S. in Computer Science and M.S. degrees in Computer Science and Web Science. Faculty maintain active research in a variety of areas, including distributed systems, artificial intelligence, programming languages, and parallel computation.

The University of San Francisco is a Jesuit Catholic University founded in 1855 to educate leaders who will fashion a more humane and just world. Candidates should demonstrate a commitment to work in a culturally diverse environment and to contribute to the mission of the University.

USF is an Equal Opportunity Employer dedicated to affirmative action and to excellence through diversity. The University provides reasonable accommodations to qualified applicants with disabilities upon request.

To apply, please send a CV, teaching statement, research statement, cover letter, and at least three letters of reference (sent separately) to: csjob@cs.usfca.edu. All materials must be in PDF format.

For full consideration, applications should be submitted by December 1, 2009. However, applications will be accepted until the position is filled.
