

Final Project Mid-review Presentation Format

- Email your zipped presentation to Ben (bsunshin@seas.upenn.edu) before **midnight on Tuesday April 13**. The subject should be "**563 review presentation**".
- Please **follow the format below exactly** because we will have many presentations
- Your presentation should last **no more than 5 min** and include all the slides below (please time yourself - we do not want to interrupt you)
- Your presentation **must** include the following slides (you could also include additional slides as you feel appropriate if you have time):
 - Slide 1:** Describe the problem you are trying to solve or system you are implementing
 - Slide 2:** Describe the approach you are implementing to solve the problem (**brief description**, you will not have time to describe all the details, they will go into report)
 - Slide 3:** Implementation details:
 - State all libraries or existing software you plan to use
 - State clearly which part of the project you will implement yourself
 - List papers (if any) that you will use for your implementation
 - Slide 4:** List 3 stages exactly as in the proposal and **tell us how much you finished** for each stage
 - Slide 5:** **Show the results you got so far!**
- Extra (optional):** You can also include extra information specific to your project at the end if you want to.

Final Project Mid-review report Format (due on Friday April 16 at midnight):

- Submit to blackboard (both presentation slides and the report)
- Report should be about 3 to 4 pages in length
- It should build on your proposal document
- It should describe all the material above (for presentation) but in more details. You can also include extra information specific for your project.
- For groups of two, include a section where you describe how you divided the job between members of the group. Please do not just state that you plan to do everything together.
- Please include images from your intermediate results.
