

## **Assignment 3**

2a Read the paper "Process-Algebraic Analysis of Timing and Schedulability Properties" handed out during the lecture.

2b Write a one page summary for each of the three papers that includes:

- Summary of the core ideas
- Strengths and weaknesses of the paper and its presentation
- Suggestions of how to improve the presentation

If you did get a copy of the papers during the lecture, please contact me ([sfischme@seas.upenn.edu](mailto:sfischme@seas.upenn.edu)) and you will get your printout.
